

When Will I Get My First Dose of COVID-19 Vaccine?

This is an **estimated** timeline of when specific groups will become eligible to make first dose appointments.

Notes: This estimated timeline assumes that supply will increase over time and uptake within each group will be 70%. Across this timeline, the State will continue efforts to speed up vaccine distribution in high-density communities with higher rates of hospitalization and death from COVID-19. This timeline is subject to change at any time due to factors outside of the State's control (i.e. receiving more vaccine than expected or less vaccine than forecasted).

¹ Assumes 25% of those 75 and older were vaccinated in earlier groups.

² Assumes 15% of those 65-74 were vaccinated in earlier groups.

³ Assumes 25% of adults with high-risk conditions were vaccinated in earlier groups.
